THE CAT-FAIRY

written and illustrated by Sophia
Once upon a time there was a special flower that was in a beautiful garden. It was a secret garden that nobody knew about.
The reason that the flower was so special was that it had a fairy inside. It was a cat-fairy that wore a sparkly red dress with blue stripes.
One day there was a puppy chasing a kitty near the secret garden. The kitty ran up a tree to get away from the puppy, but it got stuck on a branch.
The fairy came and touched a stripe on her dress with her magic wand, and it magically unfolded open. Inside there was a sparkly blue stick that flew all the way to the puppy's house with the puppy following it.
Then the cat-fairy touched another stripe with her magic wand, and a kitty blanket appeared. The kitty jumped on the blanket, and the fairy put it down for the kitty to jump off.
After the puppy ate a snack, the sparkly blue stick led the way back to the secret garden. The fairy taught the puppy how to play nicely, and then they all played hide-and-seek together. The End!
