CY Monster

By LukeG

One day my baby brother CY monster was born. Everyone was happy. Everyone but me! I could see he was a monster. He had long claws for scratching me.
I try to tell my mom that he is a monster, she doesn't believe me. She thinks he is perfect, I don't! I think he is terrible. He has red eyes, a tail and horrible claws.
Ouch! When mom is not looking he claws me and beams me with his eyes. He slaps me with his tail.
Then mom saw him. She believed me. We wanted to turn him into a baby again. I had an idea. I gave him a toy. His claws disappeared. I gave him a hug, and his tail and red eyes went away. When you're kind, you can kill a monster.
