TITANIC THE SHARK

By OSCAR R
This is Titanic. He is a 6 year old shark who likes to have fun.
He lives in a cave with his mom
and dad in a deep, cold part
of the ocean. 🐳
When Titanic had his 6th birthday, he planned to go bowling but the bowling alley was closed.
Next he tried to go to a magic show but the magician had lost all his magic!
Next he tried to go to a video game arcade but the electricity was out.
He tried to go to a bounce house but it was full of holes!
He tried going to watch a basketball game but the tickets were all sold out.
By this time Titanic was feeling sad and also really hungry. He tried going to the old Spaghetti Factory for dinner and he found that it was open! Titanic finally got to celebrate his birthday!
